प्रस्तर सं०-14	Variation is allowed maximum up to final revised sanctioned quantities by the concerned E.F.C. approved by Govt. order. Any variation in quantities of Current BOQ due to change in scope of work or any other reason shall be part of this tender. This variation will be paid to the contractor AFTER APPROVAL OF GENERAL MANAGER ZONE and In no case expenditure will be made in excess of the 95% funds received from client less contingencies & centage charges.	<p>14.1-The Engineer shall, having regard to the scope of the works and sanctioned estimated cost, have power to order in writing, variations within the sanctioned items of EFC &amp; T.S he considers necessary or advisable during the progress of the works. Such variations shall form part of the contract and the contractor shall carry them out and include them in updated programmes produced by the contractor. Oral orders of the engineer for variations, unless followed by written confirmation, shall not be taken into account.</p> <p>14.2- If rates for variation/supplement items are specified in bill of quantity, the contractor shall carry out such work at the same rate. This shall apply for variation only up to the limit prescribed in the contract data. If the variation exceeds this limit, the rates shall be derived under the provision of clause-14.4 for quantities (higher or lower) exceeding the deviation limit.</p> <p>14.3. If the rates for variation/supplement items are not specified in the bill of quantities, the engineer shall derive the rate from similar items in the Bill of quantities.</p> <p>14.4- The items not covered in bill of quantity of original NIT will be treated as extra items for which rates cannot be determined in the manner specified in clause-14.2 or 14.3, the contractor shall, within 14 days of the issue of order of variation work, inform the engineer the rate which he proposes to claim, supported by analysis of the rates. The engineer shall assess the quotation and determine the rate based on prevailing market rates within one month of the submission of the claim by the contractor. As far as possible, the rate analysis shall be based on the standard data book and the current schedule of rates of the district public works division/DSR which ever applicable. The decision of the engineer on the rate so determined shall be final and binding on the contractor.</p>
